

GOLDTIMERS

November 19th Quarterly Meeting

What a challenging year to plan social events! Coronavirus distancing and large meetings do not go together well.

The Goldtimers committee looked at options to keep from cancelling all the 2020 meetings. With the support of Busey Bank, the November quarterly meeting will be an online meeting. Topics will cover the state of the economy, financial markets, Federal and Illinois taxes, and other financial related matters. A specific list of topics will be provided later.

Details are not complete yet so watch for future announcements about the meeting and how to sign-up. The meeting may also be offered in a webinar format for later viewing by those who are not available on the date/time of the meeting.
