

**IMPORTANT ANNOUNCEMENT FOR RETIREES  
SFEA GOLDTIMER WEEKLY EMAIL TO CEASE  
EFFECTIVE: June 15, 2019**

Effective June 15, 2019, the SFEA weekly email will no longer be sent out by the SFEA Office Staff. The <http://sfea-retiree-club.com> website will become the primary retiree communication device for all SFEA events and programs including the Goldtimers club. This change aligns with the self-service approach to communications.

For many retirees who received the weekly email from SFEA, it was a good reminder to review new events and visit the website. The SFEA weekly email contained only a subset of the information included on the [www.sfea-retiree-club.com](http://www.sfea-retiree-club.com) website.

Information is normally updated on the website weekly unless there are important announcements which will be added more frequently. Our goal is to maintain a website that is easy for you to use and rely on for information on all SFEA events/information, Goldtimer trips/meetings and general information.

For those of you who would like an email when “New” items are placed on the website, please click on the link below to get directions on how to set up monitoring of the website. Otherwise you can just check the website whenever it is convenient for you. You will always have the option to “Opt Out” of receiving the monitoring emails.
